Corporate Memorandum

To: ICI Paint Stores
From: AZ Business Manager
Date: Feb 5, 2008
Subject: Advanced Painting Preferred Status

To Whom It May Concern:

I am pleased to announce the addition of a preferred contractor in Arizona for Property Services, Multi-Family, and commercial (Re) Painting. Advanced Painting & Contracting has been in business for over a decade here in the Greater Phoenix and surrounding areas.

Our specifications, though closely monitored, are tough to abide by. Advanced Painting has a unique ability to strictly control their quality unlike many other painting contractors I have seen. It is this strict quality control that I both admire, and take comfort in.

Please accept this letter as confirmation that Advanced Painting is a "preferred partner" within the small circle of painting contractor's who specialize in H.O.A., and Multi-Family repainting.

ICI Paints, an Akzo Noble Company is the largest paint and coatings company in the world. We are more than double the size of our next competitor in the food chain, and are growing rapidly thanks to excellent referrals, quality products, and most of all great contractors who are applying our products globally.

Please accept this letter as a warm welcome for Advanced Painting & Contracting into our difficult status of being a "Preferred" partner with us.

Sincerely,

Eric Gruver
